Christmas Party Was Huge Success For Cub Pack 141

Saturday, December 22, was the date of the successful Christmas party enjoyed by members of Cub Pack 141, at Grace Church of the Nazarene.

Cubs and guests gathered at 7 p. m. and had a semi-official opening ceremony in the lower church auditorium, followed by a few songs and games, while waiting for Den 6 to make ready for the presentation of a Christmas playlet, "Christmas In Other Lands," written and directed by Mrs. Dan Severietti, the den mother.

Cubs Floyd Leonard, Walter Bjerke, Dan Bertilli, James Stevens, Kenneth McDonald, and Clair Curry assisted by the following girls, Jo Ann Stevens, Ann Blanton, and Betty Lou Ferrell did the acting and helped with the singing. The playlet was given in the church sanctuary and was very well presented. These boys and their den mother deserve a lot of credit for doing so well.

Den No. 8 was to have had a place on the program, but only three members showed up and it looked like the audience was going to be deprived of the act; but Cub Frank Van Dusen hadn't done a lot of practicing for nothing, so he persuaded Cubs Richard Martucci and Charles Smith that they should put the act on anyhow. Frankie then borrowed Cubs Dan Bertilli, Walter Bjerke, Floyd Leonard and James Stevens to fill in the gap, and the house was treated to a very inspiring and entertaining number. Their effort gained them a hearty applause.

When these numbers had been given the Cubs went down to the lower auditorium and had more entertainment, mostly for fun. Cubs James Jones and Donald North sang, "Elastic Bottom Breeches," with Scout Bill Ritter at the organ, and James Buttenhoff furnishing additional sound effects. Their act went over big.

Den No. 3 did not take part in the program because most of the boys had gone out of town over the holidays; but on the night before they did very well for themselves in a playlet presented on their Sunday school program.

Den No. 4, Mrs. Mary Conti, den mother, put on a Santa Claus act that was a wow. Cubs were dressed as various movie stars and told Santa what they would like to have. John Madden was Santa, and Cubs Jack Thurr and James Jostrumski were the movie stars. This den also had to borrow some talent from Den No. 6. Dan Bertilli and James Maden made swell looking damsels.

Rev. D. C. McKisson, pack chaplain, made a short talk to the group and led in some songs and choruses. Pack Committeeman Clifford A. Spriggs played his guitar while the entire group sang.

Later all went to the new recreation hall for additional games and contests. Den Mother Mrs. Dan Severietti, directed two relay races. One with peanuts and one with almonds. Cubmaster Joseph Straughan directed a tug of war and a peanut hunt and acted as Santa Claus in giving out pop corn bricks and apples, assisted by Den No. 6 Dad, Dan Severietti. Refreshments of cake and hot chocolate were served by the following ladies: Mrs. Roy Bjerke, Mrs. Richard Blanton, Mrs. D. Davenport, and Mrs. Stevens.

Other Cubs present not heretofore mentioned were Frank McNitt, George Pedroni, Carroll Flannigan and James Drennon. Several parents of the Cubs were present, as were other guests.

Women's Civic Club Christmas

The Women's Civic Club held their regular Christmas meeting at the home of Mrs. Mazie Boyle, 131 Winchester avenue, on December 20.

Mrs. L. Cavagnaro presided. Candy, fruit, nuts, and cakes, in addition to gayly wrapped gifts were sent to the servicemen at Daly City Camp, by the organization as part of their Christmas activities.

★ Liberty has come down a long, hard and winding road since the Minute Man of Revolutionary times pledged his life to guard it, but the torch of liberty still burns brightly in this broad land of ours.

As we enter upon the New Year 1946 we wish for all our friends the manifold blessings which can only be enjoyed by free men. May this little greeting form another link in our friendship—a friendship upon which we have so firmly relied in the past and to which we look forward so hopefully now.

Kiddies Theatre Party Huge Success

The annual Christmas theatre party, held at the Daly City theatre on Monday, December 24, from 11 a. m. until 2:30 p. m., was a huge success, according to expressions of aproval from the 1400 children present.

Jim Welsh, of the local police force, was Santa Claus for the occasion. Other members of the force, and boys from the fire department assisted the ladies of the Woman's Civic Club in the distribution of candy.

A splendid program of features, comedies and cartoons were obtained from various sources by Art Kloth, theatre manager, and provided the highlights of an especially gay party.

Melvin Dykman Is Discharged From Army Service

Camp Beale, December 19 — Staff Sergeant Melvin R. Dykman, son of Mrs. Nellie W. Dykman, 198 Wellington avenue, Daly City, was honorably discharged from the armed forces today at the Camp Beale separation center.

Entering the army in August, 1942, Sgt. Dykman was assigned to the Army Air Forces and was sent overseas in November, 1943, with the 23rd Fighter Group. An intelligence chief, he was awarded the Asiatic-Pacific theater ribbon with two bronze battle stars, a Presidential Citation, the Chinese Memorial decoration, the American theater ribbon and the Victory Medal.

During his 40 months of service Sgt. Dykman earned 69 discharge points. He plans to return to school to study business administration.

Navy Releases For Local Men

The following men from the Daly City area have been honorably discharged from the United States Navy, as of December 24, at the Naval Personnel Separation Center in Shoemaker, California:

William F. Belli, TM3c, 97 Moltke street; and Alfred W. Robertson, MoMM1c, 371 Irvington street.

According to a dispatch received from Pearl Harbor, Hawaii, Lowell A. Cheramy, SF3c, USNR, son of Joseph Cheramy, of 325 Santa Barbara avenue, is on his way home aboard the USS Broadwater.

"Sub-Courthouse" For Daly City?

Sheriff James J. McGrath of San Mateo county, will present a recommendation to the board of supervisors, at their next meeting, for an "auxiliary courthouse" at Daly City to serve the northern end of the county.

In conjunction with this he will ask for a five to seven man staff; facilities for a health department office; inclusion of a district attorney's deputy in the facilities; provisions for a deputy tax collector office.

His proposal preceeded, by a few hours, a similar suggestion from the Daly City Firemen's association, to the board, received by County Clerk W. H. Augustus.

McGrath stated that his specific recommendations would be offered to the board at its next meeting. "My only fear, he said, is that they will attempt to make the present peace officer staff stretch to cover that proposed substation."

He pointed out that now he is able to offer only a daytime patrol north of Burlingame. With additional men he can furnish patrols covering the period between 4 p. m. and 8 a. m. as well.

McGrath added that "The highway patrol, I think, is heartily in favor of an auxiliary jail, to enable them to handle traffic offenders in the northern end of the county without the necessity of a long trip down to Redwood City."

Holidays Quiet In Daly City

According to the police blotter, the Christmas holidays were fairly quiet here.

It was reported that more than $200 worth of windows were broken in various parts of town, possibly by juvenile prowlers. Among specific cases noted were the Daly City Library where slight damage was done to a dressing room. Entry had been gained through the window, and bloody prints and muddy tracks were seen, but the reading rooms had not been entered.

Windows were also broken at the Newhall residence, 268 Hillside boulevard, and in other places in that neighborhood.

On December 26, Alfred Herbstritt, of 121 Hillcrest, appeared before Assistant District Attorney Whitmore, and swore to a complaint charging Edward Francis McLaughlin, of 666 Hanover street, with alleged assault with a deadly weapon. Bail was set at $1000 cash or $2000 bond on section 245 of the Penal Code; and $250 cash or $500 bond on section 415 of the Penal Code, and Daly City Ordinance 209. The case is pending.

There were several automobile accidents, in the district, involving only slight property damage.

Gymnasium Offered To Young Men Here

Basketball, badminton, table tennis, and other indoor sports will be offered to the young men of the community in Jefferson Union High School's gymnasium each Tuesday and Thursday evening, according to an announcement made today by the office of the district superintendent.

"Returning servicemen have asked us for the use of the gym that they may avail themselves of the fine recreational facilities," said Superintendent Stanford Hannah. "We hope the number using the gym will justify the plan," concluded Hannah, adding that the school will lend its aid to any program.

Possibility of a basketball league is being discussed by some of the returned veterans. An instructor will be present to supervise the activities; showers and towels will be furnished at a nominal charge. The school also plans to open the gymnasium Monday and Wednesday evenings for the boys of the high school. It is hoped that enough boys will come to make possible the organization of a basketball league. This program is being initiated to help solve the 'teen-age recreational problem of the community.

School authorities state that the floor and dressing rooms will be reserved exclusively for the group scheduled. There will be no mixing of activities of the adult and high school groups.

January 8 has been announced as the opening date for adults and out-of-school youth. The high school boys will start their program January 14. Seven o'clock is the opening hour and the floor will be cleared at 9 o'clock.

Colma Fire Dept. Thanked Sincerely

The following letter of thanks to the Colma Volunteer Fire Department was received by the Record on Wednesday morning:

"About 7 o'clock Christmas evening, after Jim Callan and his family, and Mr. and Mrs. Joseph Gerrans sr., had enjoyed a delicious dinner, they started to be overcome by fumes from the refrigerator. Some people might think it was other fumes, but it was no joke. My little grandchildren started to sneeze and cough, so we hurridly phoned the Colma Volunteer Fire Department, and in no time they were on the job. They took the refrigerator out of the house, and it will have to be repaired. We wish to sincerely thank the efficient fire department boys for their quick action, and we wish them a Merry Christmas and many Happy New Years."

Signed
James M. Callan
Pierce & Annie sts.
Colma, California.

State Group to Meet On Accident Problem

Means of reducing the traffic accident rate in California will be sought by the Assembly Interim Committee on Transportation and Commerce of the State Legislature when it meets in Sacramento, January 5.

Chairman Michael J. Burns of Eureka has called the meeting to order to formulate recommendations to present to Governor Earl Warren for possible inclusion in the agenda of the special session of the legislature called by the governor for January 7. The advisory committee on Motor Vehicle Legislation will meet with Burns' group to suggest methods of highway administration and law enforcement.

Other assemblymen on the Interim Committee are Jacob M. Leonard, Hollister, vice-president; Fred Emlay, Salinas; Vincent Thomas, San Pedro, and W. G. Berry, San Francisco.

Time to Apply For 1946 Plates Now at Hand

Application for 1946 registration renewal sent by mail by vehicle owner of Daly City, will be accepted by the Department of Motor Vehicles any time after Christmas day.

Director Gordon H. Garland announced that applications so received will be processed as rapidly as possible and 1946 registration cards mailed to the local vehicle owners, together with the metallic tabs that are to be bolted to the 1945 plate.

To secure 1946 registration, the applicant should send his 1945 registration card and the amount of his fee to the Department of Motor Vehicles at 160 South Van Ness avenue, San Francisco.

Over-the-counter applications will be received at all branch offices of the department beginning January 2. Fees are delinquent at midnight, February 4.

Garland announced the following rules will govern mail applications:

Persons who have moved should cross out the old address on the 1945 registration card and print in the new.

The amount due is indicated in the lower left-hand corner of the 1945 registration card under "Total Fees, 1946."

Do not send currency or coins! Use postal bank or express money orders, certified or cashiers checks. The department will not accept responsibility for cash lost in transit.

If the applicant has completed payments on his car in 1945 and has not made a formal transfer, an additional fee of $1 is required. If his 1945 registration card has been lost, he should secure and fill out an application for a duplicate and send an additional fee of 50 cents.

Aerial Ambulance on Okinawa

(U. S. Marine Corps Photo)

"Flying jeeps" are credited with saving hundreds of American lives on Okinawa when rains turned roads into impassable mires. Landing just behind the front lines, the tiny planes transported wounded men to rear base field hospitals in a matter of minutes. Here, Navy Lt. Vincent T. Clarke of New Orleans, La., air evacuation officer for the First Marine Division, closes the fuselage hatch of the Stinson plane and in a moment the wounded man will be in the air.

HAPPY NEW YEAR

An ancient ceremony is being repeated as Old Man 1945, bent and bewhiskered gives way on the world stage to his successor, the dimpled, diapered young man known as 1946.

The retiring year will hold an immortal place on the pages of history. During the past 12 months both "wars" of World War II were brought to a successful conclusion with the crushing of Germany and Japan.

More important to humanity and to future generations, however, was the way in which Japan was suddenly brought to her knees. The atomic bomb that fell on Hiroshima last August 6 was not only heard "around the world" but its reverbrations were projected into the centuries yet to come. On that date a new age was born.

But, it should be noted that although 1945 brought the end of the war it did not mark the beginning of peace. Peace today exists neither in the form nor in fact. No peace conference has been held, no peace treaty drawn up. Congress has not even declared the war officially ended.

The Axis has been subdued but shooting still goes on around the globe—in Indonesia, in Iran and in China. In South America the occasional crackle of gun fire reminds us that even down there in one or two countries at least, peace is neither apparent nor real.

Humanity's great task in 1946 will be to try to write the peace and then get started toward making it work. If the noble principles which have been so freely mouthed by world statesmen are given a little exercise in their conferences and in their dealings with other nations, then the peace can be written and it will work.

Such an achievement would, indeed, make for the happiest of New Years.

ALASKA—49TH STATE

Not since February 14, 1912, when Arizona became the 48th state in the Union, has there been an addition to the family of states. Now the question is being asked: Will Alaska become state number 49? There is a bill in Congress to give her that status.

A congressional investigating committee has indicated, however, that Alaska has not attained sufficient econocic stability and political maturity to qualify for statehood. President Truman and Secretary of the Interior Ickes disagree with this conclusion.

We won't argue the queshtion, but if Alaska is not ready for statehood due to economic reasons it is largely the fault of the United States.

There has been too much exploitation of Alaskan resources and too little effort toward helping that territory build itself up on a permanent basis. Too many American business concerns and individuals have made a practice of grabbing as much as they can in Alaska and leaving as little as possible. The Federal Government's tendency to treat that area as a stepchild has not helped much either.

Alaska is much more than a frozen wilderness. There is extensive acreage of fertile land that is wonderfully productive in the summer. Being situated on the shortest route to the Orient. Alaska has great possibilities as an air center in the coming age of flight.

After serving an apprenticeship for more than three quarters of a century Alaska is at least morally entitled to statehood if she wants it. But she is entitled to something more: a square deal from American business and government—and she certainly wants that!

WHAT! NO HARA-KIRI?

The recent suicide of Prince Fumimaro Konoye is of particular interest not only because he was a relative of the emperor but because of the manner in which he took his life. Instead of committing hara-hiri as tradition would dictate he chose the less dramatic, but equally effective, method of poisoning himself. His death and the way in which he preferred to die highlighting the fact that the ceremonial dagger has been almost completely ignored by those Japs who have decided to end it all. What is more, the number of suicides has been amazingly small. For a people to whom "face" was supposed to be everything, the Nipponese simply are not acting up to expectations. Maybe they feel it is better to stay here rather than to join their ancestors—who undoubtedly would ask embarrassing questions.

STALIN'S RETURN

The return of Joseph Stalin to Moscow after a nine-week absence put to silence the rumors about his health which had been floating around since his failure to appear at last manth's 28th anniversary celebration of the Red revolution. His arrival in Moscow just as the meeting of the Big Three foreign ministers started was hardly a coincidence. We can be pretty sure that while "Uncle Joe" was out of sight, he was not out of touch with affairs in the Russian capital. In fact, one might say that wherever Stalin is, there is the capital.

News From The Grammar Schools

Crocker

Norma Jean Van Der Werff, a student in the high fifth grade, returned to school after a brief illness. Her classmates were glad to welcome her.

The pupils of the low sixth grade are now working on a new unit "Our Neighbors." This unit will deal primarily with Canada and Mexico.

This week the high sixth class brought their unit on "Transportation—Land and Sea," to an end. The students enjoyed converting their room to an imaginary ship and using nautical terms in their conversation. Before being granted "liberty" at 3 o'clock each student cleared his section of the "deck."

We are glad that Eleanor Miller and Ronald Watkins, of the high seventh grade, are well enough to be in school this week.

Marvin Higgins, low eighth grade, spent the weekend hunting near Alvarado and bagged 14 ducks.

Woodrow Wilson

Room Four

What inventions and discoveries have affected trade have been the topics for discussion in room four. How we as a people have been benefitted by these new discoveries to improve our standard of living made for interesting discussion and reports.

Room Five

The pupils of room five found the Current Events unusually interesting. Many excellent reports were given by the class.

Room Nine

The boys and girls of the sixth grade are studying about the important pathfinders in aviation. Amelia Erhart, Wiley Post, Richard Byrd and the Wright brothers are being studied and reported upon.

Room 12

The pupils of the fifth and sixth grades in room 12 are working hard every day to keep up in their work in anticipation of the holiday season.

Room Eight

In room eight we are studying about citrus fruits and nuts. We find these very interesting at this time of the year.

Room 15

The children of the high fourth and low fifth are preparing reports on silk and rayon which will be the completion of their unit on "Textiles."

House Guests Here Over The Holidays

Mr. and Mrs. Samuel Stewart, of Freedom, California, Miss Eleanor Rimassa, of 457 East Lake avenue, Watsonville, and Mrs. S. Rimassa, also of Watsonville, spent the Christmas holidays at the home of Mr. and Mrs. A. Moresco, and their daughter Verna, of 328 Railroad avenue, Colma.

Wedding Shower For Alice Sanders

On Tuesday evening, December 18, Miss Alice Sanders, well-known local girl, was the guest of honor at a surprise wedding shower given by Mrs. Barbara Stanley, of San Francisco.

A lovely buffet table carried out the wedding motif with white candles, flowers and miniature ribboned packages of rice.

Miss Sanders is the finance of John D. Walsh, local boy who is soon to be discharged after four and a half years service in the army.

Those present at the shower were Mesdames Barbara Stanley, Nell McFarlane, Sue Sanders, Jane Cooper and the Misses Lorraine Sanders, Etelka Wernecke, Nancy York, Tina Ariani, and Mary Cameron.

New Barley

A new, early six-row, smooth awn barley that outyields Wisconsin 38 and averages three to four pounds per bushel heavier in test weight has been developed by the Minnesota experiment station. It is named Mars, and will be available only on a limited scale in 1946.

Right Garment

If you must buy a ready-made garment, look to the fit. If alterations are necessary, be sure before you buy that altering will make the garment satisfactory.

Segregate New Stock

Segregation of newly acquired animals for three weeks or more before allowing them to join the rest of the herd is a fundamental precaution against disease outbreaks among livestock. Animals acquired from other farms and sections have been responsible for heavy losses through failure of new owners to segregate them before turning them in with the herd.

Milk Quality

Two factors have a great deal to do with determining the quality of the dairy products received by the consumer: first, the milk and cream must be cooled to 50 degrees F. promptly, and second, the products must be delivered frequently. Milk, of course, should be delivered daily, and cream should be marketed at least twice a week to insure a reasonably good product.

East Indies

In 1602 the Netherlands created their East India company, which gradually conquered the tropical islands of the far eastern empire and managed them until the company was dissolved in 1798. From 1810 on, Netherlands government officials supervised East Indian affairs. They successfully reduced tribal wars and brought seeds and seedlings from distant lands to start the coffee, tobacco, rubber, quinine and other crops which became profitable.

Cryolite Kills Flea Beetles

The old plantings of eggplant in your garden can furnish enough flea beetles overnight to atabomb your young tomato, cabbage, collard, broccoli and cauliflower plants in the early fall. Keep these small plants dusted with cryolite, applied with a cheesecloth sack, or a dust gun. Do not mix cryolite dust with lime dust or you'll do more harm than good. Such a mixture burns the leaves of the plant. Undiluted cryolite should be used.

Hunting, Fishing Notes For All Local Sportsmen

Current hunting and fishing conditions as compiled by the outing department of the National Automobile Club:

Modoc county—Hunters in this area last week found plenty of geese, but ducks were scarce.

Siskyou county—Goose shooting was good last week in the lower Klamath area. Shasta Valley shooting was good on both ducks and geese.

South Lassen, Sierra and East Plumas counties — Local hunters have been having good goose hunting in the vicinity of Honey Lake in Lassen county. Very few ducks were killed in this area this season.

Butte county—There have been some pigeons killed recently. Steelhead fishing dropped off during the recent heavy rains.

Solano county — Duck hunting picked up last week in the by-pass area and in Putah Creek area where many acres of land were flooded. Sprig by the thousands were feeding on the flooded area. Ducks were also feeding in the corn fields on Prospect Island. Quail season has been poor.

Marin county — Pigeons are feeding on a very large crop of acorns in this area, and they also seem to be outsmarting the hunters fairly successfully.

Sacramento county—Duck hunting improved last week. Geese were plentiful.

Merced county—Duck hunting was better here the past week.

Monterey county — There has been no concentration of pigeons in this area.

Fresno county—Duck shooting picked up some last week in the Los Banos and Dos Palos areas.

Kings county—Many geese are reported in the grain fields.

Kern and Tulare counties — Quail hunting continued good in South Fork, Kelso Valley, Keysville and Kernville districts last week. Less mountain quail was taken this season than in former seasons.

Patent Benefits

Since World War I many thousands of patents have been granted which have induced the investment of billions of dollars and given employment to millions. Among them are: the autogyro; nitrocellulose lacquers; ethyl gasoline; push-button elevators; bromine from sea water; the perfection of color photography; radio beacon; nylon; refrigerants (low boiling fluorine compounds); synthetic rubber; and television. The entire radio and electric refrigerator industries were developed after World War I.

World Cattle Numbers

The world total of cattle at the beginning of 1945 was 711,000,000 head, or 2 per cent less than the average 1936-40 average.

NOTICE TO CREDITORS

ULTIMATE IN CHRISTMAS GIVING IS RICHLY BLENDED SABLE SCARF

Luxury item on the Christmas list of CBS actress Rosemary ("Dr. Christian") DeCamp is a five-skin Hudson Bay sable scarf which William Baer of Los Angeles designed for year-long service with suits, dresses and unembellished coats. Rosemary models her choice with a formal afternoon gown, large taffeta-trimmed brown felt hat by Herta and matching doeskin gloves.

Bright Basis

CLEAR-CUT DEFINITION of fall's basic line is emphasized in the shining black satin chosen by CBS singer Helen ("Dick Haymes Show") Forrest for late afternoon. High neckline and cap sleeves are perfect background for jewelry and glove changes while the skirt carries important drapery news. Not to be overlooked is Helen's criss-cross black velvet hair trim.

Store Corneal Tissue

At the present time, the corneal tissue taken from a living or dead person may be stored for only a few days before it is transplanted in the eye.

Salad Base

Outer leaves of cabbage finely shredded make an excellent salad base. Remember, too, that at the same time this gives your family a welcome addition of vitamin C.

50 YEARS OF X-RAY PROGRESS

Fifty years ago Nov. 8, Wilhelm Konrad Roentgen, discovered the X-ray and photographed the image of his wife's hand (illustrated above). The lower picture shows a technician at the control board of a modern mobile X-ray unit snapping a miniature chest film. California Tuberculosis associations, which took more than 100,000 of these films last year, will open their annual Christmas Seal Sale, Monday, Nov. 19.

Open House Party At Colma Center

On Saturday evening, December 22, an open house party was given for ex-servicemen and servicemen of the Colma district, sponsored by directors of the Community Center, and members of the Colma Red Cross sewing room.

A bountiful supper was served at 10:30 consisting of fruit cocktails, salads, cold meats, relishes, sandwiches, rolls, ice cream, home made cakes and cookies, coffee and cigarettes.

Music for the evening was furnished by the talented Colma Boy's Orchestra, including Harold Bocci, George Lagomarsino, Albert Lagomarsino, and George Riccomi. They played gay music throughout the evening. There was some dancing, but the boys were more interested in meeting one another and talking over their various experiences.

The boys present were: Angelo Stampanoni, John Domecus, Mike Ciardella, Raymond Fellman, Elio Fontana, Frank Heinzle, Warren Flick, Mervin Flick, Ralph Jordan, Rinaldo Botto, Joe Ciardella, Andy Schiappacasse, Reggie Granucci, Louie Conti, Albert Silicani, Elio Ciardella, Leo Massoni, Billy Wright, Charlie Camenzind, Timmy Silicani, Louie Giusti, Guido Marchitti, Paul Camenzind, Al Camenzind, Pete Scaglia, Ozbic Rudolph, Milton Peterson, Gene Marchitti, Ralph Shinazy, Frank Delfino, Joe Belli.

Red Cross Sewing room workers serving were Mrs. Ludwina Jost, Mrs. Elsie Belli, Mrs. Leota Suenderman, Mrs. Demergasse, and Mrs. Thomas Callan.

Former canteen workers helping out were Mrs. Pauline Shinazy, Mrs. Mary Fellman, Mrs. Alma Garibaldi, Mrs. Jeanette Fellman, Mrs. Theresa Langford, Mrs. Erminia Riccomi, Caroline Migliore, Lillian Ciradella, Irma Rossi, Virginia Troche.

Others assisting were Mr. Frank Garibaldi, Mr. H. Kempf, Mr. Louis Nava, and Mr. Dave Boicelli.

To all those whose names are not mentioned but who contributed to the success of the evening the sponsors of the Open House wish to express their grateful appreciation.

Farm Co-ops

As the war was drawing to a close there were more than 19,000 farmer-owned and farmer-controlled co-operative associations and mutual companies operating in the U. S. Of these, more than 10,000 were engaged in marketing farm products and purchasing farm supplies. Included in this total are approximately 4,400 mutual irrigation companies, 1,900 farmers' mutual insurance companies, 2,000 farmers' mutual telephone companies, 800 rural electric co-operatives, and 600 co-operative frozen food locker plants. It is estimated that at least 3,000,000 farmers hold membership.

"Skating Vanities" Slated To Return On January 16th

One of the most novel and colorful extravaganzas in the entertainment field, Harold Steinman's "Skating Vanities of 1946," will return to San Francisco's Civic Auditorium on Wednesday evening, January 16, for its second annual engagement here.

The star-studded skating revue, produced at a cost of $250,000, and with a cast of 125 headed by lovely Gloria Nord, will continue nightly in 15 gala performances through January 30.

"Skating Vanities," is a lavish product of Broadway, directed by Fanchon and Marco, and including gorgeous costumes and settings, solo and ensemble dance routines, comedy, acrobatics and many unusual variety acts during its two and one-half hour presentation.

The dazzling revue claims one of the largest chorus lines in show business, with 60 beautious and talented girls, each an accomplished skater and ballet dancer in her own right. These glamorous chorines, called the "Vanity Fairs," appear in several of the show's eight major production numbers, and participate in smaller units in most of the "Skating Vanities," 30 all-star variety acts.

Among the many innovations to be introduced to Northern California audiences during the show's San Francisco run is a specially-designed series of ramps, down which the skaters descend onto the sound proof masonite arena floor in a thrilling entrance. It is the first time such a novel entrance has ever been attempted.

Although "Skating Vanities," is now in its fourth year the coming engagement will mark the revue's second showing in San Francisco. The 1945 edition proved itself a tremendous success in the bay city, and present indications are that the 1946 presentation will draw record crowds.

Tickets will be on sale at the Crane Box Office, 245 Powell street, San Francisco. Special attention will be given to mail orders.

Garlic-Flavored Cheese

Cottage cheese, fortunately, is abundant these days and lends itself to many delightful changes in flavor. For example, if you will rub the bowl in which the cottage cheese is to be served lightly with a clove of garlic before placing the cottage cheese in it, you will find that the cheese will have an inimitable whisper of flavor quite different and new, and yet distinctly satisfying.

Smother Oil Fires

Tractor fires or oil fires can usually be controlled by smothering them with dust or dirt.

"Notes Off the Cuff"

By Phil Smith

Shortly after Hitler came into power in pre-war Germany, he and his advisors and cohorts instituted drastic "reforms" in all lines of education, municipal and state government, and, in very great particular, judicial procedures . . . all in the name of National Socialist efficiency and expediency.

Good party members who found themselves involved in anything from murder and rape to arson or street brawls, knew that all they had to do was "put the finger" on certain characters about town who were of non-Aryan, or otherwise dubious antecedents, and forget the entire incident!

Then the "fall guy" was hauled into court, and fined according to the way the judge happened to feel; or sent off to jail, or a concentration camp, for a period of time which was determined whenever his honor's advisors sobered up enough to consider the evidence . . . or lack of it. It was all very neatly done, with a minimum of formality; with no time wasted in looking up the finer points of law involved.

Furthermore, both the judge and the good party members knew that they had nothing to fear from a publicity angle . . . because the local paper was part of the Nazi-controlled system; the newspaper would print nothing about the incident because the editor would have no reason to know "officially" that it had taken place! Of course, as happened occasionally in certain cities in Germany during the Nazi regime, certain editors and reporters proved to be ruggedly individual to the extent that they actually did dare to print an account of incidents taking place on public streets. It isn't pleasant to consider the "rewards" made for their fearless newspapering.

Oh, it was quite a system while it lasted; but one day a couple of American generals happened, in the course of the war, to take a grand tour of Europe. And these two military gentlemen decided then and there that "Spring Housecleaning" was definitely in order in Nazi Germany.

Today, Germany is feeling the might of not only our manpower, but of the best element of our democratic jurisprudence . . . and the majority over there do not yet fully realize what has hit them; but in time they will recognize it as an isescapable power. . . True American Justice.

They quite possibly miss the sullen tramp of their once awe-inspiring Storm Troopers' black-booted, goose-stepping feet; but it is a pretty good guess that none of them missed the sound of the death march to G.I. constructed gallows for "The Beast of Belshen" and his sadistic aides . . . most of whom started life as "Hitler Maidens" and "Hitler Youths."

We of America fought a war to establish the Four Freedoms for the generations to come. It is up to us to make certain that they have the self-discipline to live in a free world. What happened in Nazi Germany during the past two decades can still happen here, for a creeping rot of moral disintegration is right now gnawing the vitals of our great nation.

J. Edgar Hoover, director of the Federal Bureau of Investigation, in an address before a graduating class of an eastern college last year declared, in part, as follows:

"Even though you college graduates of today face a temporary detour, you could well resolve now that come what may you will recognize your own individual responsibility. It will not be easy, because of a current trend that departs from fundamentals. We are living in a sophisticated age. Standards are set, whether we like it or not, on a superficial basis. Thus, individuals too often defer to the opinions of their associates with no thought of whether they are right or wrong.

"There was a time when success was gauged in terms of service. Today a new standard has been evolved. Many people regard success only in terms of ornate homes, shiny cars, well-tailored clothes, and glittering tinsel that characterizes the superficial forms of entertainment and ultra-sophistication. There is more to life than that; there is the matter of conscience and conduct.

"Great and fickle is the tyrany of public opinion, and many lack the fortitude to brave it. People like to be talked about, but not against. It is well to remember that if you are not criticized at times you should immediately take inventory of yourself. Criticism from certain sources is a mark of achievement. It is never possible to please everyone. . . . Criminals are being turned loose in the name of Civil Liberty, not because there is any question of their guilt, but because certain public officials of our land are prone to guard more zealously the alleged civil rights of confessed criminals at the expense and detriment of disregarded civil rights of the victims of their crimes.

"Liberty, too, has its fundamentals. Liberty is not fool-proof. It always carries an implication of license to those unsuited to enjoy its fruits. Without discipline, liberty cannot long exist. It must be guarded in order to be enjoyed. Among the corrupt and unprincipled, it is a high-sounding term. Anarchy may be the result."

In considering the amount of crime in any given community, it is well to first study carefully the following list of some of the contributing factors which might affect the amount of crime in question:

1. Population of the city and metropolitan area adjacent thereto.
2. The composition of the population with reference particularly to age, sex and race.
3. The economic status and activities of the population.
4. Climate.
5. Educational, recreational, and religious facilities, open to the general public; with special emphasis on facilities used by the juvenile section of the population.
6. The number of police employees per unit of population.
7. The standards governing appointments to the police force.
8. The policies of the prosecuting officials and the courts.
9. The attitude of the public toward law-enforcement problems.
10. The degree of efficiency of the local law-enforcement agency.

However, it should be remembered also, that the war has brought about marked changes in many of the foregoing factors in many cities. All of this will be discussed in detail during the series.

We are sitting on top of a volcano today in America . . . a volcano of crime such as we have never before imagined possible. Just before the outbreak of the war just past, most of us looked back on the old days of gang-warfare as a closed chapter in our national history. Because the Dillingers, Baby-Faced Nelsons, Barkers, Floyds, and Barrows were dead or in prison, many of us relegated the problem of crime to the limbo of the forgotten past.

A few statistics, provided for this column by the FBI, will reveal how completely erroneous this conception was.

"In 1938, just one year before the declaration of war in Europe, England and Wales with a population of approximately 40 million people, reported 305 cases of murder and manslaughter. In the United States during the same year there were 11,992 cases. Based on population, the United States had 11 times more cases of murder and manslaughter than England and Wales. Almost the same ratio existed in all the more serious types of crimes, including murder, robbery, and aggravated assault. Based on population, the crime rates in the United States were more than nine times greater than in England and Wales."

Such figures serve to illustrate the size of America's crime problem, even after the gangster era of the early 30's had been broken. Comparatively speaking, criminal activities declined, but never at any time from the beginning of the World War I postwar crime wave until the present time has the American home front been entirely free from the malignant menace of lawlessness.

"With the entry of the United States into the second world war, it was thought by many that the peril of hostile forces from without would discourage the activities of the criminally inclined within, but this did not materialize. During 1943 more than 1,300,000 major crimes were committed . . . ONE EVERY 22 SECONDS!

"A murder was committed every 53 minutes; 745 American homes were burglarized, 124 persons robbed, 2209 larcenies were perpetrated, and 514 automobiles were stolen . . . on an average EVERY 24 HOUR PERIOD THROUGHOUT THE YEAR!"

Revalatory of the infiltration of criminal forces in America is the FBI's national criminal-record clearing house in Washington. to which 12,500 police agencies send the fingerprint records of persons arrested. There approximately 6,000,000 individuals have criminal records on file. This means that out of every 22 persons in this country, one has been fingerprinted in connection with some crime! More than 80,000 of them are wanted as fugitives from justice now.

Of these, the vast majority of juvenile offenders are between the ages of 12 and 21. They represent 15 per cent of the total population. In 1943, however, they accounted for 65 per cent of all car thefts; 55 per cent of all burglaries; 39 per cent of all the robberies; 37 per cent of all the sneak thievery; 30 per cent of all cases involving malicious destruction by fire, and 13 per cent of all murders.

In fact, 17-year-old boys and 18-year-old girls committed more crimes than any other age groups involved.

(Continued Next Week)

Baking Fish

A whole baked fish can be lifted out of the baking pan with ease if the following procedure is followed: Place fish to be baked in a greased baking pan which is lined with a piece of clean muslin or cheesecloth. Then, after baking, lift the fish out with the cloth and place on serving platter. Remove cloth, garnish and serve.

Fines Levied In Street Brawl Case

Antone Mendola, of 726 Niantic avenue, and William F. Logan, a marine stationed now at Treasure Island, who appeared before Judge Sweeney in police court on Friday, December 21, were each fined the sum of $25, with an alternative of 10 days in jail, for their part in the street fight of Monday, December 3. They agreed to pay the fines if given time in which to procure the money; their request was granted. Other parties previously mentioned as having allegedly been involved were dismissed.

Transplanting Evergreens

Fall is an excellent time to transplant evergreens. If soil conditions are dry, it will be an advantage to soak the ground a day or two before the actual transplanting. It is also important to move the trees with a ball of earth. On a hot, sunny day the transplanting should be done either early in the morning or late in the afternoon to avoid drying out the roots. A good method is to have the hole ready to receive the tree before the tree is moved. Water the soil around the newly planted tree thoroughly after planting.

Baked Apples

Fill the cavity of baking apples with raisins. Press them in firmly. Crown with a teaspoon of honey and see how much better your baked apples taste.

Obituaries

Haxel E. Nolan

Hazel Eleanor Nolan, 60, of 131 Shakespeare street, passed away December 15, in San Francisco. She was the aunt of Robert, Aloysius, Francis, Peter, and Eugene Valentine of this city, and Ann Valentine of Honolulu, Hawaii; sister of the late Elizabeth Valentine; aunt of the late John Valentine and Alice Lewis.

Mrs. Nolan was a member of Court St. Mary No. 1155, Catholic Daughters of America; Third Order of St. Francis, St. Anthony's Church; Portola Circle, No. 78, UAOD; Past-Arch Druidess Association; and the Grand Circle of California No. 1530, CFA.

The funeral services were conducted from Lasswell's Mortuary, Daly City, December 18, at 9:30 a. m. A requiem high mass was said for the repose of her soul at 10 a. m. at Our Lady of Perpetual Help church, Wellington avenue. Burial followed at Holy Cross Cemetery.

Sophie N. Burgstrom

Mrs. Sophie N. Burgstrom, 1 Risel street, passed away at the Junipero Serra hospital on December 22. Mrs. Burgstrom, who was a resident of this community for 16 years, was the beloved wife of Frank O. Burgstrom, and sister of Mrs. Freda Cropley and Mrs. Ruth McDonald, Longview, Washington.

She was a charter member of Waitresses Union No. 48.

Funeral services were conducted on Wednesday, December 26, from Lasswell's Mortuary at 12 p. m. Inurnment took place at Cypress Lawn Memorial Park.

Mary F. Soggs

Mrs. Mary F. Soggs, wife of the late Edward Soggs, 161 Los Banos avenue, passed away in Brisbane, California, on December 19, at the age of 74.

She was the mother of Mrs. Walter Hollingum, grandmother of shirley Hollingum, Mrs. Phyllis Sailor, and Mrs. Berniece Allard; great-grandmother of Skipper and Ronnie Sailor, and Sharon Allard.

Private services for Mrs. Soggs, who was a resident of this community for 18 years, were held at Lasswell's Mortuary, on December 20, at 12 p. m. Burial was at Holy Cross Cemetery.

John I. May

John I. May, 77, passed away at the Junipero Serra hospital on December 11. He was the brother of Al, Charles, Thomas May, and Mrs. Mamie Johnson. For 10 years a resident of the Colma district, Mr. May was a charter member of Golden Gate Parlor No. 29, NSGW.

He was a native of Iowa Hill, Placer county, California. The remains were shipped to Colfax Cemetery, Colfax, California, on December 14. Services were conducted at Lasswell's Mortuary at 8:30 p. m. December 13, by Golden Gate Parlor, NSGW.

Henry C. Heagney

Henry C. Heagney, 90, passed away on December 18, at his home 154C Vista Grande avenue. He was the husband of the late Margaret J. Heagney; father of Albert, Lester, Florence and Everett Heagney, and Mrs. Myrtle Vidosh, and the late Walter V. Heagney.

Private services were conducted from Lasswell's Mortuary on Wednesday, December 19, at 3:30 p. m. Burial followed at Woodlawn Memorial Park.

Mary S. Brown

Mrs. Mary S. Brown, 92, passed away at the home of her daughter, Mrs. Barazota, 227 Peoria street, on December 17.

She was the wife of the late Charles W. Brown; mother of Charles and Louis Brown, Mrs. Norah Barazota and the late Arthur, Frank Brown, and Mrs. Ida M. Crown.

Funeral service were conducted on Wednesday, December 19, at 2 p. m. from Lasswell's Mortuary. Burial followed at Olivet Memorial Park.

Whipping Cream

For best results in whipping cream, the cream must be cold—held at 40 degrees F. if possible, or in the coldest part of the refrigerator. Not only the cream but the bowl and whipper should be cold.

Girl Scout Troop New Meeting Place

Mrs. Calvin's Girl Scout troop, which has been meeting in No. 4 Firehouse, will meet hereafter in No. 5 Firehouse. All girls belonging to this troop are requested to contact their leader for information regarding future activities in the new meeting place.

Cpl. William Wright Home On Furlough

Cpl. William Wright, Colma, cousin of Miss Muriel Mooney of the City Hall staff, is home on a 10 day furlough from his army duties.

He has been stationed in Salt Lake City.

A TOAST TO THE NEW YEAR!

A brave new year lies ahead... a year vibrant with exciting possibilities... replete with problems but radiant with promises of a better world in which to live, of greater happiness and prosperity for all. So... a toast to 1946... may it be your finest year!

No Other Industrial Area in the West Can Match This Transportation Network

How Northern California is the geographic center and hub of the transportation systems of the West is dramatically portrayed in a colorful map now appearing in national magazines. This specially created map illustrates the third advertisement in this company's national advertising campaign selling Northern California as the industrial center of the new Pacific World. This transportation network serving Northern California has been well able to handle an unprecedented volume of wartime freight and travel. It is ready now to serve expanding peacetime business and industry. It is convincing proof that distribution to all the West is easier, cheaper and quicker than from anywhere on the Coast.

You can best serve all the West from Northern California

Good business logistics ...at a glance

Just a quick look will do.

That's all it takes to see that distribution to all the West is easier, quicker, cheaper from Northern California than from anywhere on the Coast.

For Northern California is the geographical center... hub of one of the most efficient transportation systems in the country. For example...

These transcontinental railroads, more than 20 common carrier truck lines, 14 inter-coastal and 37 coastwise steamship companies serve Northern California ...fan out to bring every metropolitan center in the West within two days shipping time. Fifty-one deep water shipping lines dock in ports around the great San Francisco Bay. Northern California boasts six major airfields accredited for commercial operations.

No other industrial area in the West can match this transportation network.

If you are looking for a better way to serve your Western market or the billion customers who live in the lands around the great Pacific Basin, investigate the advantages of opening a plant in Northern California. The Pacific Gas and Electric Company will be glad to help you in every way possible.

P. G. and E. engineers will help you locate your plant

A well-trained Pacific Gas and Electric Company engineering staff has been built solely to help industrial firms learn the facts about locating in Northern California. This staff works closely with established agencies throughout the entire area, and its service includes at no charge...

A thorough study of available sites; photographs, maps, aerial perspectives.

Complete information on environment, transportation, drainage... trucking and freight rates.

Estimated cost of property, of any necessary improvements, of power and other utilities.

For more information, or assistance of any kind, write Pacific Gas and Electric Company, San Francisco 6, California.

Northern California...industrial center of the new Pacific World

PACIFIC GAS AND ELECTRIC COMPANY

The advertisement reproduced above, is the third in a series of national advertisements to attract new business and industry to Northern California. This national advertising campaign reaches the more than 5,450,000 readers of—TIME, SATURDAY EVENING POST, WALL STREET JOURNAL, NEWSWEEK, FORBES and UNITED STATES NEWS.

P·G·and·E· PACIFIC GAS AND ELECTRIC COMPANY

SOX-W—1945

today... The Lark

pacemaker for trains to come

Gliding through the night, slipping past the friendly lights of California's coastal towns, the famous streamlined *Lark* speeds overnight between San Francisco-Oakland and Los Angeles.

Experienced travelers consider the *Lark* the smoothest-riding, most luxurious sleeping car train in America. Noted for its fine meals and service and its ingenious private rooms, the *Lark* has many unique features. One of these is the magnificent Lark Club, a combination dining room and cocktail lounge two cars long. No other train has anything like it.

On the *Lark*, the *Daylights*, the *City of San Francisco* and the *Sunbeams*, Southern Pacific tested many modern ideas in years of daily service. This experience gives us a head start in designing the trains to come.

tomorrow... Southern Pacific is planning more streamliners. We will have them on our four major routes as fast as conditions permit. These new trains will be the finest the world has seen. Watch for the new Southern Pacific streamliners. Then it will be more exciting than ever to "try the train."

S·P *The friendly Southern Pacific*

Rooms Can Be Rented With Eviction Rights

In response to numerous inquiries received by OPA rent offices in the over-crowded bay area, San Francisco District Rent Director Henry Cross reaffirmed today that families having a spare room or two can help to ease the present need for housing accommodations without fear of being unable to evict tenants when they wish to stop renting the room.

The rent regulation contains a special provision exempting from landlords who rent sleeping ac- the OPA eviction safeguards those commodations in their own homes to not more than two occupants, he explained, or to a single family regardless of the number of occupants.

"I believe that thousands of rooms could be made available if this special provision were better understood by home-owners," Cross said.

A resolution passed by the mayors of 400 large cities meeting in New York, December 10, asking that the OPA rent regulation be amended to encourage home-owners to rent spare rooms without fear of inability to evict indicates widespread misunderstanding, Cross pointed out.

He explained that under the provision, renting of such rooms either by a home-owner or a tenant who sublets a room, allows the landlord to proceed with eviction under local law without notifying or petitioning the OPA.

"However," Cross pointed out, "this special provision does not exempt these rooms from rent ceilings. They must be registered with the OPA just like any other housing accommodation."

Hiking Protection

In tramping through the woods, high boots offer good protection. If it is too hot for high boots, wear your socks over the lower part of your trousers, thereby protecting the ankles. Make it a habit to wash thoroughly after each tramp through the woods, whether you think you've rubbed against a poisonous plant or not. Make a thick lather of yellow kitchen soap and hot water, wash five or six times. Then apply rubbing alcohol, rinse with cold water and dry. In drying be sure to use a soft fabric.

Enamel Surfaces

Never wash enamel surfaces when they are hot.

Report From Calif. Taxpayers Association

Assessed value of taxable property in San Mateo County this year averages $786 for each of the 183,000 people estimated to be in the county on January 1, 1946, California Taxpayers' association stated today, making public its study of assessed valuations in California counties. Total assessed value of property in the county for 1945-46 is $143,870,838.

Taxable property in the county averaged $814 for 173,000 people for 1944-45, when assessed valua-

For 1940-41, the per capita ation reached $140,759,075.
sessed valuation of the county was $1023 for 117,100 people and a total valuation of $119,834,211.

Throughout the state, assessed value of taxable property this fiscal year averaged $923 for each of the 9,250,000 estimated to be in the state at January 1, 1945; total valuation for 1945-46 is $8,541,-172,363. For 1944-45, taxable property valuations averaged $927 per person, for the 8,917,000 people in the state; total valuation last year was $8,267,099,366. For 1940-41, taxable property averaged $1010 for 7,070,000 people, with the total valuation at $7,138,-621,257.

"Property values for tax purposes in most California counties are increasing, but in many areas not as fast as the population is growing," the taxpayers' association said, pointing out that the war almost stopped private building. "Resumption of private building, both residential and business, will help the valuation of property to catch up with the growth in population."

Potato Casserole

It's easy to build a menu around potatoes. Try them in a casserole dish with a little sausage or cheese. Use plenty of salt, and perhaps a dash of celery salt for variety.

Lower Costs Predicted For Men's Underwear

Reduction in the cost of men's and boys' shirts, shorts and pajamas in the near future is predicted by the Office of Price Administration. The forecast is incorporated in statements by high officials of OPA to the annual agricultural outlook conference of the United States Department of Agriculture in which explanations of the rise in costs of clothing was explained.

Principal reasons for price increases were given as follows: disappearance of low-priced clothing due to heavy consumer demand, shortages of textiles, decline in production due to manpower shortage, deflation of materials to the armed forces.

Officials urged consumers to buy onl ywhat is absolutely needed for the next few months so that veterans may be able to get civilian clothes.

Reduction of prices in shirts, shorts and pajamas, it was shown, will be brought about by new OPA regulations cutting down manufacturers' margins.

Careful Driving Saves Lives

Start the New Year right—be on guard against accidents. The National Safety Council reports that on last New Year's Day 84,000 Americans occupied hospital beds as the result of accidents. An estimated 8700 of them were admitted to hospitals during the 24 hour period ending at midnight of New Year's Day. Ring out the old—ring in the new—with extra care for safety.

How to have a happy New Year's eve!

Almost everyone likes hamburgers and wieners—with all the fixings—at any time of day or night. Why not capitalize on this fact and have them either for a New Year's eve watch party, or else invite friends in New Year's afternoon to listen to the football game or just visit. No matter what the time would be, this menu will serve as a guide. Everything can be prepared hours in advance, with the exception of the cooking of the hamburgers and hot dogs. The main thing is to have plenty!

Hamburgers and/or Wieners on Buns
Big Bowl Potato Salad
Bowl of Hard-cooked Eggs in Shells
Potato Chips
Sliced Dry Onions in Vinegar
Green Onions
Dill Pickles — Pickle Relish
Mustard — Chili Sauce
Lots of Coffee

My friend, who specializes in hamburger parties for New Year's day, pats the seasoned meat out to about one-half inch in thickness on sheets of waxed paper. Then she cuts uniform circles with a number 2½ can that has had both ends removed. She then arranges these in layers on a tray with waxed paper between and keeps them in the refrigerator until just before time to cook.

For large quantity cooking, she places the hamburgers on an aluminum tray or a drip pan and cooks two layers at a time in a very hot oven, 500° F., and she drops the wieners in a pot of boiling water that is on the stove. Meanwhile, right in the kitchen — on the drainboard or on the kitchen table — she spreads checked cloths and puts all the fixings. Paper plates, coffee cups and forks are all that will be needed in the way of dishes, except for the serving silver. Each person makes his own sandwich to suit his own taste. Sometimes there are bowls of shining red apples and cheesed popcorn for dessert.

THEY'RE REALLY GUARANTEED

THIS WOULD BE A FINE BACON OMELET—EXCEPT FOR THE BACON!
AND YET, THE BUTCHER TOLD ME IT WAS NICE.
...WE COULD HARDLY EAT IT, THE BACON WAS SO STRONG!
YOU'D BETTER TRY MY STORE FOR BACON, AND OTHER MEATS TOO.
THEY'RE SO CONSISTENTLY GOOD, THEY'RE GUARANTEED TO BE SATISFACTORY!
MY SOUL! WHAT STORE IS THAT?
IS IT TRUE, ABOUT THE GUARANTEE?
YES MA'AM. SAFEWAY GUARANTEES THAT EVERY PIECE OF MEAT WE SELL WILL PLEASE YOU, OR YOUR MONEY BACK!

Prices in this Ad are effective Thursday through Monday, December 27 through 31, in San Francisco, Oakland, Alameda, Berkeley, Hayward, Richmond and other cities and towns (except Menlo Park) in San Mateo County and Alameda and Contra Costa Counties, unless changes are required as a result of new OPA regulations.

Treat Yourself to Safeway Meat

The meat you buy at Safeway is not only guaranteed — all your money back if you are ever disappointed — regardless of cut or price — but it's sold to you at money-saving prices, quality for quality. Safeway meats can't be beat.

SAFEWAY

Civilian Raincoat Shortage Eased By Navy Surplus

Acute shortages of raincoats which have been reported in many retail stores throughout the West will be alleviated through the immediate nationwide sale of nearly 900,000 black navy raincoats, Reconstruction Finance Corporation's Consumer Goods Division announced recently.

The raincoats—all brand new—come in standard sizes. The sale to wholesalers and retailers will continue until January 3.

The coats were tailored to navy specifications and are double textured. The outer fabric, combed cotton twill, 4 and ¾ ounces per square yard, is backed with lawn or print cloth with a vinyl resin of 3.5 ounces per square yard.

Sale of the raincoats is being conducted on a fixed price basis and RFC reported that sales to consumers through retail stores would be at levels to match modest pocket books.

Retailers and wholesalers are placing orders with RFC Consumer Good Division offices at the following locations: San Francisco, 30 Van Ness avenue; Los Angeles, 1206 Maple street; Phoenix, 1816 West Fillmore street; Reno, 236 West First street.

NEW B. F. Goodrich PASSENGER TIRE

OUTWEARS PREWAR TIRES!

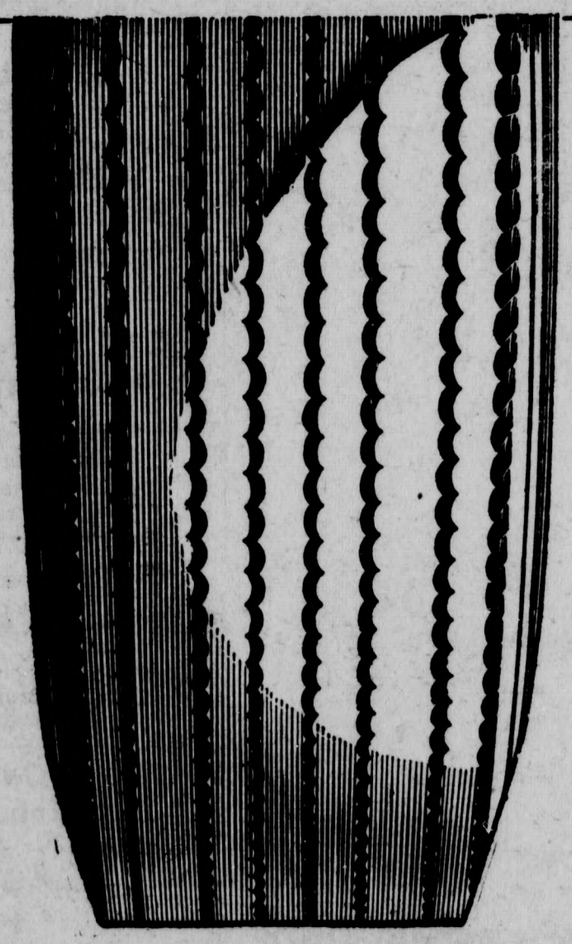
New Passenger Car Tire with Safer-driving, Longer-mileage features

New, better Synthetic Rubber

Developed by B.F.Goodrich—it's far better than ordinary synthetic rubber. Helps the new tire run cooler, wear better. It resists cracking, bruising and damage from accidents better too.

New, "Road Level" Tread

35% stronger tire body makes possible tread with a flatter contour—its whole width touches the road. More rubber on the road to share the wear—*evenly*. The tread design has hundreds of skid-resisting curves to grip—and stop quickly!



16,800,000 Test Miles

Has more test background than *any previous* B. F. Goodrich tire. Extensive laboratory tests *plus* 16,800,000 miles of actual road tests—on taxi fleets, police cars, and the B.F.Goodrich test fleet—*proved* it outwears prewar, natural rubber tires!

3 years' EXTRA synthetic tire experience

Three full years before *any other manufacturer*, B. F. Goodrich sold tires made with synthetic rubber to American motorists. This extra store of experience shows up in extra mileage... extra safety... extra value.

Lack of Funds May Hamper Health Work

Fear that the work of the San Mateo County Tuberculosis and Health Association will be seriously hampered by lack of funds during the coming year is expressed by Mrs. Ruth Close, the executive secretary, who reports that some thousands of the citizens to whom Christmas Seals were sent have thus far neglected to send payment or acknowledge receipt of them, the percentage of these persons being larger than at the corresponding time in any previous year.

With no income whatever, other than that from the sale of the little seals, the association is undertaking for 1946 the most extensive and important campaign in its history.

Already 6202 children in the public schools have been X-rayed for the purpose of discovering the beginnings of tuberculosis, spinal trouble and heart disease. The seriousness of the latter has roused the medical authorities throughout the country. The health conditions in San Mateo County schools will be made known as soon as the medical men finish their reading of the films that have been taken.

By finding and treating infection at the time of incipiency in order to prevent the disease that otherwise may follow, the association looks for control of the maladies that in past years have taken such heavy toll of life, particularly among the young. This prevention work as carried on here for four years is credited with great aid in improvement of public health, and now it is being extended along new lines. The additional work includes the X-raying of returned war veterans and their families.

Clothing Costs

Last year homemakers clothed themselves and their families at a cost ranging from $15 per person in one state to $65 per person in another state, and on up the line.

Water Pumping

Water is pumped by motor for 50 to 75 cents per month on the average farm.
